**What is CREAR Futuros?**

CREAR Futuros, which means “To Create Futures” in Spanish, is a peer-mentor based initiative designed to improve student success at targeted CUNY colleges. CREAR (Colleges Readiness, Achievement and Retention) students will be paired with knowledgeable and highly trained upper-class CUNY peer-mentors that will introduce them to campus resources (financial aid, course selection, tutoring), provide tips on how to reduce stress and manage time wisely, and offer expert insight on how to make the most out of their time at CUNY.
